DATE/TIME	NOTES:
	<p>I watched <del>on</del><sup>on</sup> the news that Molina will NOT cover Screenings for drug and <del>and</del> alcohol which is doing more harm than good. This is absolutely not right we need stuff like this covered to save peoples lives. With death rates rising due to overdoses or alcohol poisoning and/or deaths. This needs to be changed ASAP. You are suppose to be helping people stay safe but instead killing people that can NOT afford to pay for the screening. THIS NEEDS CHANGED. ASAP for the good of people lives</p>

DATE/TIME	NOTES:
	I don't like the facts that Molina will deny Patient like me from screening surgery. I saw this on a YouTube TV. I have RSD <del>and</del> and other problems like chronic pain, that if not <del>the</del> taken care of with proper screening the pain would be severe.

DATE/TIME	NOTES:
	<p>hello. I am writing to you out of concern for patients who have Molina healthcare. I always believed you were a good choice here in Central Ohio however, after seeing Dr Margolin on channel 4 news, I am convinced I am a patient of Dr Margolin and he is a very concerned and thorough doctor who takes great care of me and my chronic pain condition. I would be a client of Molina when it began come here and I was so happy to see he took Molina at that time. You are doing great harm to people like me who need pain control, and if insurances stopped covering my care, it would cause people to seek help elsewhere and that could cause more overdosing or illegal methods to deal with their pain.</p> <p>Thank you for covering in the future:</p>

	I seen on the news that Molina,
	my insurance denies screening for
	drugs and alcohol coverage.
	By not doing this and giving the physicians
	<del>power</del> to make calls your
	causing people to DIE !!
	The death rate is up 26 percent and I
	am very concerned what place is this
	for my grandchildren
	Please do the right thing
	Molina & Save People's lives.

Yes I am very concerned. Drug screening is very important. Doctor need to know what you are doing, what is in your system to prevent disability and deaths. Some people think it can't happen to them. They try alcohol and other drugs. Then it may be too late. Drug screening reminds people don't do it you are going to be tested. Drug screening has saved many lives. I have watched on the news. That Molina denies drug screening and alcohol coverage causing disability and death for hundred.
